**Subject:** amendment request follow-up

Hi Becky,

In addition to the voicemail I left last night, I thought it might be helpful if I sent an email with my nonpoint amendment request. Here is what the ARC adopted:

- eliminate the 75¢ tipping fee increase deposited to the nonpoint account (I think I forgot to mention this last night)
- eliminate the \$2 title transfer fee increase (I think I forgot to mention this last night)
- increase the GPR transfer to the nonpoint account by \$3,750,000 annually
- not needed* • create a new annual appropriation from the nonpoint account and provide \$250,000 annually for discovery farms, and delete the \$150,000 ACCP SEG annually provided to discovery farms by JFC
- modify the bill to provide \$1 million in 2007-08 and \$2 million in 2008-09 for nutrient and manure management grants (as opposed to \$5 million in 2007-08 and \$7 million in 2008-09 under the bill)

Thanks a lot,

Chris

*down \$4,000,000 1st year \$5,000,000 2nd year (7)(gd)*

Hi Becky,

I just looked at Mark's draft (788/1) and that takes care of discovery farms. As a result, you can drop the discovery farms aspect of the new amendment from last night/this morning.

Thanks,

Chris

Chris,

The other draft that I know of that might interact with the nonpoint one has to do with Discovery Farms. I think that Mark Kunkel drafted it. I don't know the funding source. We will have to figure out whether my nonpoint amendment is consistent with Mark's. should replace it, or should be modified.

Chris Pollek:

This is the nonpoint draft. It deletes the entire change in the environmental repair tipping fee, on the assumption that the ARC decision to eliminate the portion of the fee increase devoted to environmental management is included in the package. It also assumes that LRBb0654, restoring current law on the supplemental title fee transfer (drafted by Aaron for John Dyck), is included in the package. If either of these assumptions is incorrect, this draft must be changed.
